

# INNOVATING THE FUTURE

## DO THE WINK MATH CHALLENGE AND CALCULATE YOUR SAVINGS AND PROFITS

It's simple, enter your current trailers empty weight \_ x's how many loads you run \_ (average loads per year \_ ) = 's projected costs.

Now do the same math but using WINKS trailer weight. Subtract the weight difference and see the projected \$\$\$ savings per year that you're losing!!

**"WINK TRAILERS, COST EFFECTIVE, PROFITABLE AND PROVEN DURABILITY, EQUALS TRUE \$\$\$ SAVINGS"**

Our customers are proving it everyday with WINKS dump trailer technology.

### "Li" Scrapper, Steel & Aluminum, Hardox & AR 450 w/Aluminum Options:
