1995 KW T800, Cummins N14, 13-spd. trans., 8-bag air susp., fifth wheel has been removed ...\$15,500.

1989 WESTERN TRAILERS Hopper Flat. The first hopper trailers were coming off the assembly line in the late 1960's. With two different degrees of slopes and many different side heights as well as overall combinations, the Western Trailers hoppers are seen across the country. All of the trailers are equipped with rollover tarps, and the highest quality components to maximize weight and durability. As with all Western Trailers, the list of options seems to never end. Call for additional information\$13,000.

1998 FRTL FLD112 4-Axle Tractor, Cat C12 430 hp., 10-spd. trans., Airliner susp., 3.08 ratio, alum. wheels\$16,500.
