

Unique Fields

Do the default fields not provide enough descriptive information for you? Want to showcase certain features of your equipment? *Inventory Mover* customers can now add unique fields to their listings.

In the *My Account Preferences* section of your account, select *View/Edit Listing Fields*.

You can now enter up to 30 fields per type of equipment (Heavy Equipment, Trucks, Trailers, Custom Listings, or Farm & Ag equipment from the FarmandAgEquipment.com site)

Home > My Account > Custom Fields

[< Back](#)

Custom Fields

View/Edit Listing Fields

You may define **up to 30 fields** for each type of equipment.

	Heavy Equipment	Trucks	Trailers	Farm & Ag	Custom Listings
Field Name:	Axles				
Field Name:	Capacity				
Field Name:	Engine				
Field Name:	Wheels				
Field Name:	Salesman				
	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	Show on web site	Show on web site	Show on web site	Show on web site	Show on web site
Display Order:	1	2	3	4	

You can assign the display order for each field, and even hide some so they don't display on the site, but do show when you are editing and viewing the listings.

For *example* above, the Salesman field is hidden to not show on the web site, but will show when you are viewing and editing the listing in your account maintenance.
