Your source for Re-manufactured Heavy Duty & Industrial Diesel Engines!!

Yellow Engine Services established in 1976, has been crafting re-manufactured Caterpillar, Cummins, John Deere, Detroit, Isuzu and many other engines with the highest standards of quality, at a reasonable price with a standard turn-around time of typically 2 weeks in most cases. We have also grown to become a fuel injection and turbo remanufacturing facility. Ask for our fuel shop.

Exchange Engines: Caterpillar, Cummins, Detroit, John Deere, Isuzu and many other makes and custom engines may be available! If we don't have the engine that you are looking for in our available core bank, maybe we can build yours. All complete engines come with a 6-month unlimited-hour warranty: some seasonal equipment such as farm and aquatic engines have a 1-year warranty.
