2018 Vantage DOT 406 Petroleum Fuel Tanker (4 or 5 Compartment) - Effectively lowers center of gravity over 1000 gals. of product over standard straight barrel & 500 gals. over standard double taper trailer. Greater stability on road due to lowest center of gravity in industry. Triple slope design allows most vessel quadrants to slope towards center. Most bottom slope of any DOT 406 trailer (over 9"). Fully flanged sumps for faster & complete discharge of product...Call

Attention OEM's and pneumatic trailer repair centers: Bulk Transportation Services, LLC provides air-to-air cooler system for new and used pneumatic dry bulk tank trailers. If you manufacture or repair pneumatic trailers used for transporting heat-sensitive products (i.e. sugar, resins, plastic pellets, etc.) why not let us provide you with the best air-to-air cooler system in the market today? Call Ron at 615-207-3698 or email: ron@bulktransportationservicesllc.com
